POSITION ANNOUNCEMENT
DIRECTOR OF EDUCATIONAL TECHNOLOGY

Brescia University invites applications for the new full-time 10-month position of Director of Educational Technology: starting date is January 2016.

Responsibilities: Develop strategic approach for deeper integration of technology into the University’s educational environment; leads the University in identifying, evaluating, adopting, and integrating effective educational innovations into the curriculum; provide administrative and technical support for all instructional technology to improve learning outcomes, facilitate technology-rich teaching, and advance curricular innovation; work collaboratively and effectively with University faculty to provide pedagogically-sound and technologically-rich learning experiences; coordinates with University IT Department to ensure adequate technology infrastructure for technology-enhanced curricula.

Requirements: Master’s degree; formal coursework and/or significant experience in instructional technology; experience in pedagogy and faculty development; willingness to work with both traditional and online student and faculty populations; professional oral and written communication skills; and ability and desire to make data-driven decisions.

Salary based on educational background and experience.

To apply, send cover letter, résumé, a copy of official transcripts (original transcripts required upon hire), at least three (3) professional references with names, phone numbers, and email addresses to:
