Provide the total amount of HEERF funds expended on the categories provided. Please note that the CARES Act prohibits the use of funding for the provision of pre-enrollment recruitment activities; endowments; or capital outlays associated with facilities related to athletics, sectarian instruction, or religious worship. In addition, please note that this template is meant to serve as a guide, and therefore IHEs are not required to categorize amounts in every category listed but only those that IHEs found applicable to their unique circumstances. Lastly, reported numbers should be consistent with previously published quarterly funding reports (the sum of quarterly reports should equal the value of the annual report).
