

Director of Instructional Technology/LMS Administrator

Brescia University invites applications for a full-time 12-month position of Director of Instructional Technology/LMS Administrator.

The Instructional Technologist/LMS Administrator supports on campus and online faculty in deeper integration of technology into their programs and courses, following the principles of the Ursuline tradition of pedagogy. This position assists the Academics area in identifying, evaluating, adopting, and integrating effective educational innovations into the curriculum in an effort to provide a holistic approach to teaching and learning; provides administrative and technical support for all educational technology needs; facilitates technology-rich teaching methods; works collaboratively and effectively with faculty to provide pedagogically strong and technologically rich learning environments; coordinates with the University IT Department to ensure adequate technology infrastructure for technology enhanced curricula, all in an effort to improve student learning outcomes across the University. This position serves as operations administrator of the university Learning Management System.

Master's degree in instructional technology, education, or related field preferred; Bachelor's degree in instructional technology or related field required. Formal coursework and/or significant experience in educational technology required. Experience in online instruction and course development; teaching experience preferred. Position may include option for a combination of in-person and remote work.

To apply, send cover letter, résumé, a copy of official transcripts (original transcripts required upon hire), at least three (3) professional references with names, phone numbers, and email addresses by email or mail to:
