Student Achievement Data
Full-time Online Master's Program in Speech-Language Pathology

The Council of Academic Accreditation in Audiology and Speech-Language Pathology (CAA) requires accredited programs to make available to the general public the data of the 3 most recently academic years for the following student achievement measures: On-time program completion rates and Praxis examination pass rates of test-takers.

On-time Program Completion Rates

Period	# Completed within Expected Time Frame	% Completed within Expected Time Frame	Not completing	Completing Late
Recent Year (2023-2024)	6	100%	0	0
1 Year Prior (2022-2023)	18	100%	0	0
2 Years Prior (2021-2022)	NA	NA	NA	NA

NA: Not Applicable.

Note: The program launched in the fall of 2021. It is a 2-year program. There was not a graduating class in May of 2022.

Note: Students who leave the program for personal reasons unrelated to the program are not counted in the "not completing" category.

Praxis Examination Pass Rates of Test-takers

Reporting Period	# Taking the Exam	# Passed Exam	% Passed Exam Rate
Recent Year (2023-2024)	7	7	100%
1 Year Prior (2022-2023)	15	15	100%
2 Years Prior (2021-2022)	0	0	NA

Note: The Praxis examination reporting period is the testing year or examination cycles, not the year of graduation for test-takers. The testing cycle runs from September to August. The data for each reporting period may include test-takers who graduated from the program within the prior 3 years.

Note: Results are reported only once for test-takers who took the exam multiple times in a single examination reporting period.

Policy: Student Achievement Data is updated on the Brescia website on an annual basis (minimum).
